

Health & Safety Specialist | Edmonton Region | Full-Time | Industrial Hygiene & Safety Consulting

Make a real impact on worker health across Alberta's major industries.

Are you a technically strong industrial hygienist looking for more variety, responsibility, and career growth?

JADA Solutions (HSE) Inc. is a growing industrial hygiene and safety consulting firm supporting clients across construction, oil & gas, utilities, manufacturing, and commercial sectors. Our team is known for practical, field-driven solutions and strong client relationships.

We are looking for a Health & Safety Specialist who wants to work on technically interesting projects, build trusted client relationships, and grow into senior technical or leadership roles.

What You'll Do:

- Conduct industrial hygiene assessments across diverse worksites
 - Perform exposure monitoring for chemical, physical, and biological hazards
 - Interpret sampling data and develop practical control strategies
 - Prepare clear, defensible technical reports
 - Communicate findings and recommendations to clients
 - Support or lead projects, depending on experience
 - Mentor junior staff (intermediate/senior roles)
 - Conduct safety training sessions for clients and internal staff
 - Perform safety audits and inspections to ensure compliance
 - Develop and implement safety programs tailored to client needs
 - Assist in the development of Codes of Practice and technical standards
-

What You Bring:

- Diploma or degree in Industrial Hygiene, Occupational Health, Environmental Science, or related field
- **1-8 years of industrial hygiene or safety consulting experience**
- Strong technical writing and communication skills
- Ability to work independently in field environments
- Comfortable working in a fast-paced, high-pressure environment with a strong sense of urgency
- Ability to manage multiple projects simultaneously and adapt to changing priorities
- Valid driver's license and ability to travel within Alberta

Preferred (Not Required)

- ROH, ROHT, CIH, CRSP, CRST, or working toward certification
- Consulting experience
- Experience in construction, oil & gas, utilities, or heavy industry
- Experience mentoring other staff

Compensation & Benefits:

Salary: \$50,000 - \$100,000 depending on experience

Additional benefits may include: - Health Spending Account - Employee Assistance Program - Paid professional development and certifications - Professional membership reimbursement - Flexible or hybrid work options - Mileage reimbursement

Work Environment:

- Based in the Edmonton region
- Mix of field, office, and remote work
- Occasional travel within Alberta, Territories and Western Canada
- Occasional extended or out-of-town projects

Career Growth:

We are committed to developing our people. Team members receive mentorship, technical training, and opportunities to grow into:

- Senior technical specialists
- Project managers
- Practice leaders
- Regional leadership roles

Apply:

If you're looking for a role where your technical skills are valued and your career can keep moving forward, we'd like to hear from you.

Apply by sending your cover letter and resume to: marketing@jadasolutions.ca
